UNITED STATES DELEGATION
COUNCIL OF FOREIGN MINISTERS
SIXTH SESSION

USDEL/Working Papers--
Index and Report of Action Taken

Attached for the information and convenience of Delegation Staff members is a combined Index and Status-Report, prepared at Mr. Jessup's request by Brad Patterson, of the USDEL/Working Papers as of midnight June 8. This index is deficient in two respects: (a) there were many important unnumbered memoranda, circulated and discussed within the Delegation during the first week of the CFM which have not been made a part of the USDEL series and thus cannot be systematically included here; (b) statements in the fourth and in the last columns are open to correction due to lack of background facts at the time the index was prepared. Staff members are respectfully requested to bring any necessary corrections to Mr. Patterson's attention (Rm 106, Ext 199).

The attached index contains the following abbreviations:

WP/--USDEL/Working Paper/
UnM of--Unnumbered memorandum of

It is assumed that Staff members have CFMP Papers in their respective offices.

This Index will be revised and brought up to date periodically.
